Japanese Officials Visit Coleman

Visitors to the Coleman Collieries Vicary Creek Mine last week were Y. Sakata, Tokyo International Commerce Company Incorporated Vancouver Branch; T. Shimizu, assistant general manager Raw Materials Department, Nippon Kokan K. K. (Japan Steel and Tube Corp.), Tokyo, Japan; Y. Yamura, manager, Tokyo International Commerce Co. Incorporated Vancouver branch; Hajime Tsubaki, chief technician of Metallurgical section, Technical Administration Department, Kawasaki Iron Works Nippon Kokan Kabushiki Kaisha (Japan Steel and Tube Corp.) Kawasaki, Japan.

Mr. F. Harquail, president and managing director of the Collieries, said the Japanese delegation was in the Crows Nest Pass to discuss increased quantities of coal for Japan and also to discuss the ability of the mines here to deliver the necessary quantities to Japanese markets.

He said the Japanese officials were visiting the Vicary Creek Mine and Coleman Collieries properties to satisfy themselves that the mines are capable of producing the large capacity of coal needed by Japan.

While here the Japanese were

taken on a tour of Vicary Mine, some 15 miles north of Coleman, and after making an inspection of the premises, the men appeared highly impressed with the operation and were very satisfied with the quality of coking coal being shipped to Japan.

Coleman Collieries have at present a 150,000 long ton order for coking coal for Japan and this order runs from April 1st, 1960, to March 31st, 1962. Some two-thirds of the order is being filled now and future contracts are presently being discussed.

Neil Fleming Seriously Injured At Victoria

Neil Fleming, a former Coleman resident, was seriously injured in a mishap Thursday, July 20th during his course of duties at Heaney's Warehouse in Victoria, B. C.

Neil, working as a warehouseman, was cutting open some cardboard boxes with a saw when he accidentally severed an artery in his left arm. Neil was rushed to St. Joseph's Hospital in Victoria, where a team of five doctors worked for a number of hours to save his life.

A double very rare operation was performed which comprised a heart massage during which time deep freeze techniques were used to lower Neil's temperature.

His temperature was reduced to a low of 90 degrees for a period of 48 hours. Neil's heart stopped and the doctors massaged his heart for one and a quarter hours, both manually and with electrical equipment before the organ responded and functioned without the massaging. It is reported that the operation is the first of its kind ever to be attempted under emergency conditions without previous preparations being made.

Neil is now reported to be recovering both physically and mentally from his experience and is making good progress. He is 43 years of age, is married and has four children, all of whom were born in Coleman. He left here several years ago for the coast where he had gained employment.

Open House At Sentinel Well Attended

Several hundred residents from all of the Crows Nest Pass towns visited the Alberta Trailer Company camp at Sentinel on Sunday afternoon at an open house affair held between 1 and 4 p.m.

The many visitors were taken on a complete tour of the camp and were shown every phase of the facilities provided by the catering company.

A visit through the camp disclosed that there were two beds per room in the sleeping quarters, and the rooms were made very comfortable and cheery.

Wash rooms and shower rooms were also visited and were found in spotless condition.

The visitors were taken on tour of the kitchens and were shown the deep freeze and frigidair facilities used to keep foods in the best condition. The kitchen featured mostly stainless steel ware and equipment to keep meals hot for the work crews.

The laundry rooms for the men were equipped with the latest machines and dryers and each section of the camp was decorated in lively color schemes.

It was pointed out during the tour that all garbage was disposed of daily and that tin cans were all washed out with boiling water before being set outside so that there would never be an accumulation of debris or a breeding place for flies and other vermin.

All visitors to the camp were treated to coffee, ice cream and donuts and many questions asked were ably answered by staff members who were on hand at the affair. A visit was also made to the new housing project at Sentinel, where maintenance men on the gas line will be residing.

"It was stated during the visit that the block of homes would be a show place when all the homes were occupied and landscaped according to plan. All the homes will have every modern gas convenience and will be serviced with a sewage system.

Sidewalk Program To Start Soon

In an interview with William Kovach, M.L.A. of Hillcrest, it was learned by The Journal that work on the construction of cement sidewalks in Improvement District No. 10 including Hillcrest, East Coleman and Grafton town would be getting underway this week.

The work is being done by the provincial government under the five-year street and sidewalk plan and according to Mr. Kovach, it appears that the program so far outlined for ID 10, has been found reasonable and has been approved.

All work on the cement sidewalks will be done by local Improvement District men on day labor forces and should more men be needed for the work, unemployed from local towns will be hired.

W. C. B. To Sponsor Safety Show

The Workmen's Compensation Board of Edmonton, has announced this week the "Project Igniter" will be coming to Alberta centres during the month of August. Of interest to Pass persons is the fact that the affair is to be held in the St. Michael's Hall in Pincher Creek on August 7th at 9:00 a.m., 4:30 p.m., 7:00 p.m., and 9:00 p.m., and on August 8th at 9:00 a.m. and 4:30 p.m.

There is no charge for attendance at the lectures and management of the various industries in the Pass and Pincher areas are urged to designate personnel to attend the lecture demonstrations.

The series of lectures provides an unusual training opportunity for accident prevention personnel, supervisory staffs, safety committees, in industry, teachers, training personnel, fire department workers, hospital workers, civil defence participants, and others.

Lectures are also to be conducted in the Civic Centre in Lethbridge on August 3 and 4.

Giving the lectures and demonstrations will be G. M. Kinz and H. Browne, internationally known

safety experts on loan from the United States Bureau of Mines.

The two men visited the Pass some six years ago and provided for an excellent series of lectures and experiments on explosion and flammable and toxic gases.

The lectures and experiments will feature—1, fire and explosion cause and prevention; 2, the control of flammable and toxic gases; 3, the hazard of static electricity and the safety hazards in electrical equipment.

One of the highlights of the presentations will be a demonstration "The Magic of Fire" which has been enthusiastically received by large Canadian, American and Mexican audiences.

Fishermen Recording Nice Catches

Fishermen in the Crows Nest Pass district and Southern Alberta have been bringing in some fairly nice trout as records to date at the Willow Valley Trophy Club registrations show.

According to Steve Kubasek, secretary-treasurer of the club there are some fine specimens recorded, holding top positions in the club's fish competitions, but he states there is still room for many more entries as the fish so far entered hold only the first positions and there are three prizes in each event. He also feels that bigger fish will be entered before the end of the season.

Top standings as of July 24th are as follows:

Rocky Mountain Whitefish, E. Hurtak of Bellevue, 4 lbs. 10 oz.; Dulyk Varden, Frank Houda of Bellevue, 8 lbs. 14 oz.; Rainbow trout (stream) John Yeliga, Coleman, 4 lbs. 15 oz.; Rainbow trout (lakes) Mike Hovanak of Blairmore, 6 lbs. 1 oz.; Mackinaw lake trout, Joe Thompson of High River, 4 lbs. 15 oz.

Mr. Kubasek also announced that any persons wishing to become members of the Willow Valley Trophy Club before the big game hunting season starts (probably September 1st and September 15) can do so by contacting Jake Smith of Pincher Creek, Jackson Brothers Hardware, in Pincher Creek, Alex Sekella of Coleman, Jerry's Sport Shop in Bellevue, R.E. Tuick in Port Macleod, William Huck of 2720 - 10th ave. South, Lethbridge, Chuck Allen in Barons, and Lawrence Halmrest in Foremost or Steve Kubasek at Tod Creek, or phone R912 at Cowley.

The club has pointed out that big game cannot be entered for competition unless entrant has become a member of the club before the big game season opens.

Will Observe 50th Wedding Date

Mr. and Mrs. David Hoyle will celebrate their Fiftieth Wedding Anniversary by holding an Open House in St. John's Anglican Hall, Pincher Creek, on Sunday, August 6 from 4 to 9 p.m.

Mr. Hoyle will be well remembered in the Pass as a former principal of the Coleman schools, and cordially invites friends, teachers and ex-pupils to be present.

Lions To Resume Bingos

Coleman Lions Club have announced this week that the twice-monthly bingo nights will get under way again on August 9th.

Proceeds from the bingo nights are earmarked for the construction of a Scout Hall to be built in the immediate vicinity of the town park.

The bingo nights will again be held in the Elks hall and Lions are again planning on the same cash prizes that were awarded at other bingos.

Parade Plans Are Forming

Plans are being formed by various groups in Blairmore for a gigantic parade that will start off the town on Blairmore's Golden Anniversary celebration, scheduled to get underway on Friday, September 29th, and continuing on through the 30th and October 1st.

Committees in charge of the parade sections are urging all business and organizations of the Crows Nest Pass to enter a float in this once in a century parade.

The floats will be judged as the most appropriate, the most original, the best national and the best comic and prizes will be given in each of the classes mentioned.

There will also be prizes given for the best decorated car, bicycle and tricycle.

As plans progress the committee has announced that assembly place route and march-off time for the parade as well as prizes, will be announced as soon as possible.

Former Coleman Boy Burned To Death

Garry Andrews, a former resident of Coleman, and more recently residing at New Westminster, B. C., was burned to death when the family home was razed by fire of unknown origin.

Garry, 20 years of age, was sleeping at his home with another youth, who was also burned to death, at around 7 o'clock on Saturday morning, July 28th.

The late Garry Andrews is a brother of Mrs. Elaine Sudworth of Coleman.

Mrs. Sudworth and daughter Sharon left on Saturday for New Westminster.

Mannix Set Up Coleman Office

Fred Mannix Co. Ltd. have set up a field office in Coleman this week.

Mannix has been awarded a sub contract from Price-Poole for 20 miles of 36-inch pipeline work on the Alberta Natural Gas 36-inch pipeline.

Work on the pipeline is to start near the Alberta-British Columbia border and proceed in a south-westerly direction for approximately 20 miles.

It is understood that some 250 men will be working on this project.

Notice to Old Age Pensioners

The Southern Alberta Old Age Pensioners' Organization Convention will be held in Taber on Wednesday, Aug. 9th, at the Civic Centre. Coleman Branch is reminded that no Bus has been chartered to go to this meeting.

Wins \$1,500.00 Grad. Scholarship

Graduate and under-graduate scholarships have been awarded by the Canadian Institute of Steel Construction for studies at the University of Alberta.

The awards were made by the Alberta Regional committee of the CISC where G. Greene of A.I.M. Steel Ltd., Edmonton, is chairman, N. G. Biskay of Dominion Bridge Co. Ltd., Edmonton, is sub-committee chairman, and John B. Wheeler, CISC Regional representative, is secretary-treasurer.

The \$1,500.00 Graduate Scholarship was awarded to William P. Trutch of Coleman, Alberta, for graduate study in structures.

The \$300.00 Undergraduate Scholarship awarded annually by the Steel Institute went to Gordon Francis Anderson of Camrose, Alberta, "a student of outstanding merit entering fourth year civil engineering in the Structural Steel option".

To qualify, this student must have taken a complete third year program in Civil Engineering at the University of Alberta and attained an average of 75 per cent.

C.N.P. Recreation Committee Draw Up Petition

The Crows Nest Pass Recreational committee met in Coleman Wednesday evening last and drew up a petition that will be sent to the provincial government regarding the establishment of Crows Nest Lake as a Water Recreation area.

The petition is to be circulated among Pass organizations for their signatures and support and afterward the document will be forwarded to the government requesting that consideration be given to developing the east end of the Lake along the lines of a plan suggested by members of the committee and S. C. Moore of the Recreational branch of Lethbridge, to serve residents of the Crows Nest Pass and Southern Alberta.

The petition is being prepared by J. Kinnear and after it is duly signed will be forwarded to the Parks Board, the Department of Municipal Affairs, the Department of Lands and Forests and to the Hon. Halmrest, Minister of Agriculture.

VACATION TIME

The Journal office will be closed from Aug. 11th to Aug. 21st. There will be no issue of The Journal on August 16th.

Paul Caletti Passes July 20

Paul Caletti, well known Burmis farmer passed away in the Crows Nest Pass Municipal Hospital on July 20 following a short illness.

Mr. Caletti fell on July 1st and was hospitalized for injuries and had failed since his fall.

He was 82 years of age and was born in the province of Varese, Italy, on June 29, 1879.

He came to Canada in 1904, settling in Frank where he worked for the railway until 1912, when he moved to Burmis and operated a farm until a few years ago when he retired. He was of the Catholic Faith.

He is survived by his wife Virginia, at Burmis; two daughters, Mrs. E. (Louise) Montalbetti, of Coleman, and Mrs. H. (Kathleen) Monti of Calgary; one son, Peter, of Burmis; nine grandchildren and four great-grandchildren.

Prayers were said from the Chapel of Hall's Funeral Service in Blairmore at 7:30 p.m. on Friday evening. Requiem High Mass was celebrated from the Hillcrest Catholic Church in Hillcrest at 10:30 a.m. on Saturday, July 22nd, and interment was made in the Hillcrest Catholic cemetery.

The Rev. Healy of Cowley officiated at the services.

Hall's Funeral Service Ltd. of Blairmore were in charge of the arrangements.

Palbearers were Messrs. Fred Lee, George Forish, Louis Corbinovis, John Comin, Steve Dziedzic and C. Milvain.

TV Broadcast From Burmis Area

If an application by Lethbridge Television Limited is given consent at a hearing of the Board of Broadcast Governors in Ottawa on August 22nd, residents of Pincher Creek and the Crows Nest areas should be favored with greatly improved television reception later this fall.

The application requests permission to establish a re-broadcasting station tower and associated equipment at Burmis for the purpose of relaying programs from the Lethbridge transmitter of CJLH-TV.

The programs would come to local viewers on Channel 3, and the effective radiated power is listed at 225 watts video and 112.5 watts audio.

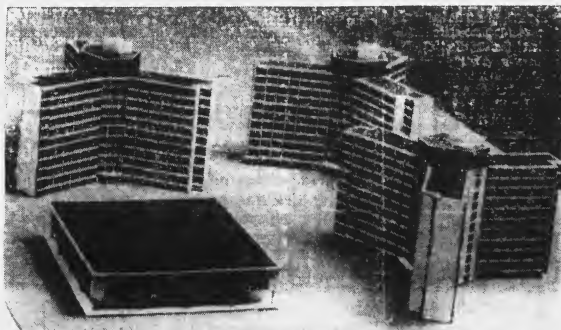

Persons wishing to submit briefs with respect to the application may do so at the offices of the Board at Ottawa by appointment with the Board Secretary.

Attention Legionnaires

Members only of the Ladies' Auxiliary and of the Coleman Legion, and their families, are invited to attend the annual Picnic at Allison Creek on Sunday, August 6th at 11 a.m.

Bring your own food basket, cup, etc. Coffee provided.

MODERN BUILDINGS FOR UNIVERSITY CAMPUS

Construction will commence late this year on a \$9,000,000 student accommodation project at the University of Alberta in Edmonton.

The project includes three 11-storyed "Y" shaped residences, designed to house a total of 1,900 students. Two buildings will provide accommodation for male students and one will be used for female students.

The residences will be located immediately west of the Northern Alberta Jubilee Auditorium. Construction is to be of reinforced concrete and masonry. All rooms are to be simply but functionally furnished for two persons.

Other accommodation in each of the three buildings includes a suite for a resident supervising faculty member, a library and study room,

a common lounge and study area on each floor and modest recreational facilities.

In addition to the residences, a central food services building is being planned. Costing approximately \$2,500,000 equipped, this structure will provide the cafeteria services for the residences as well as additional recreational area facilities/laundry and administration accommodation.

OF MANY THINGS

(By Ambrose Hills)

LOOKING BACK

I really am looking forward to a coming Saturday, when citizens from my old hometown of Manitou hold a re-union picnic in Kildonan Park, Winnipeg.

This desire to see old friends from earlier days is common to all mankind. What do Jim and Maggie, and Harry or Sue look like today?

How do they feel about the world after all these years? This is nostalgia, possibly a sign of age, but a splendid feeling nevertheless.

Manitou people, for some reason or another, remain extremely proud of their town. I know a man who left Manitou when he was a mere child; yet today, he is a student of Manitou history, and he will talk endlessly of the early days there.

I left Manitou in 1929, year of the big stock market crash. The year before I had earned big pay pitching stooks that were bigger and heavier than I was. Times had been good for some years, and I left home quite confident that the world would be my large and juicy cyster. I looked back, afterwards, at the good times in Manitou with plenty of nostalgia and longing.

There's to be more than five hundred former residents of the town at the re-union picnic. No entertainment is planned, but we're pretty sure some impromptu quartets will come to life.

The re-union committee has met several times. Very little business gets done because someone will say, "Does anybody know where John Blank lives now?" ... and off we'll go on a merry-go-round of names and events from away back when.

For those who like to look back, I recommend re-union picnics. Has your town had one lately? Try it, and you'll discover that old friends still mean more to you than you can imagine.

And if it happens that you once lived in Manitou, get busy and come to Winnipeg, and let's talk about those good old days when you and I were young!

Elks Bingo Winners Are Named

The Coleman Elks Lodge held a bingo night last week when the sum of \$75.00 was realized from an extra card bingo, and turned over to the Coleman Baseball Club.

Another sum of \$75.00 cash was turned over to the Coleman Boy Scouts troop to help the Scouts attend a summer camp.

Prize winners at the bingo night were:

\$7.50 groceries, Mrs. H. Holub of

Natal.

\$7.50 groceries, Henry Zak, jr., of

Coleman.

\$10 cash, Mrs. Holmgren, Coleman.

Toaster, Anne Topak.

\$13, Mrs. Steve Mitchell, Leth-

bridge.

\$11, Mrs. A. Witacker, Natal. Sleeping bag, Mrs. John Cardie of Swan Hills.

\$6.25, Joan Squarek.

\$6.25, Allan Carlson.

2 Sgallons gas, Stafie Yagos.

Clothes hamper, Tillie Hillas of

Blairmore.

\$25 cash, Darryl Pitchford.

\$5 cash, Eleanor Chabillon, of

Blairmore.

\$5 cash, Bobby Jenkins.

Hassock, Tom Pollack, Natal.

\$15 cash, Lawrence Caroe, jr.,

of Toronto.

\$7.50 groceries, Katie Cornett.

\$7.50 groceries, Al Austin, Blair-

more.

Consolation prizes were awarded

to Mrs. Ken Snowden and Rini

Rinaldi.

Coleman Girl Wed In Bellevue

The Bellevue Catholic Church was gaily decorated with garden flowers, carnations, 'mums and sprays on July 30 for the wedding of Patsy Munroe, only daughter of Mr. and Mrs. Rueben Seaman of Coleman, who became the bride of Eddy Linderman, youngest son of Mr. and Mrs. W. Linderman of Hillcrest.

Ceremonies were performed by Rev. S. Henke of Bellevue.

The bride was given in marriage by her father, and looked lovely in a full-length gown of nylon acetate lace featuring several tiers of fluffed lace at the back and long lily-point sleeves.

Her nylon tulle veil consisted of all round scalloped edge nylon lace crowned with shimmering tiara of pearls and sequins. She wore a pearl necklace, a gift of the groom, and she carried a bouquet of red roses and white carnations.

Miss Fay Radley of Coleman was bridesmaid, and she wore a street-length gown of pastel pink with matching head-piece and carried a fan-shaped bouquet of pink and

white carnations.

Flower girl was Darlene Yeliga, cousin of the bride, who wore a gown of yellow nylon lace with matching head-piece and she carried a nosegay of carnations and buds.

Ring-bearer for the occasion was Brian Linderman, a nephew of the groom. Garry Huesdens of Hillcrest, acted as best man while ushers were George Boake of Coleman, and Lyle Harvey of Bellevue. Organist during the ceremony was Mrs. Marie Youngberg from Hillcrest.

A reception was held in the Coleman Elks hall at 7 p.m., where approximately 100 guests gathered to honor the couple.

The bride's table was centred with a three-tiered wedding cake, topped by a miniature bride and groom and roses.

During the evening toasts were proposed by Rev. Henke, Garry Huesdens and the groom.

For her honeymoon trip to the U.S.A. and points in British Columbia, the bride wore a mauve dress with white accessories.

The couple have now taken up residence in Hillcrest.

Guests at the wedding included

friends and relatives from Victoria, Vancouver, Cranbrook, Wardner, Calgary, Cowley and Foremost.

Recent Bride Shower Guest

A miscellaneous shower was held in the Elks hall on July 27th in honor of Mrs. Merle Gleave (nee Pow).

The hall was daintily decorated with summer flowers. The honored guest was escorted to the head table and presented with a corsage by her aunt, Mrs. W. Field.

Mrs. D. Pow, mother of the bride, was seated at her right, and presented with a corsage by Miss Marlene Aldoff. Mrs. Renee Folkins presented Mrs. Gleave, mother of the groom, with a corsage, and was seated at the left of the bride.

Miss Edna Yagos played the "Wedding March" during the seating of the honored guests.

The entertainment of the evening was whist and bingo. Whist honors went to Mrs. Marjorie Joseph, 1st; Mrs. Ann Vasek, 2nd; Mrs. Gail Sygutek, 3rd. The door prize went to Mrs. Esther Ash.

A delicious lunch was served by the hostesses. The presentation of numerous gifts was made to the bride, including the major gifts, a chrome kitchen suite, tri-lite lamp, ironing board and cover, canister set, bread box and a spice container set.

The hostesses' gift was a pressure cooker, pressure frying pan, and a set of breakfast dishes. There were also many other useful and beautiful gifts.

Mrs. Gleave, in a few well chosen words, thanked the friends assembled and those unable to attend, for the beautiful gifts and good wishes, with a special thanks to the hostesses, Mesdames S. De Martin, C. Cozzi, V. Phillips, P. Linderman, A. Bramer, P. Koszicki, D. Collings, M. P. Moore, F. Sudworth, M. Kinneer, M. Sargoff, P. Hanrahan, M. Fabro, E. Haymond, R. Poulton, M. Aldoff and E. Yagos.

Aquarium News

"Observe — don't disturb."

If Elmer H. Taylor, curator of the Calgary Aquarium had his way the Western painted turtle would wear that sign, particularly this time of year when these creatures often wander near and on main highways and are picked up by well-meaning travellers.

Mr. Taylor said the Calgary Aquarium, located on the Calgary Brewery grounds, at 9th avenue and 15th street S.E., in Calgary, has been "swamped" with donations of Western painted turtles. A number are presently living in harmony with two alligators in the reptile pit at the Aquarium, but no more can be accepted.

Most of the turtles are picked up by tourists visiting British Columbia. Native to the province, they are frequently found on the roadsides, but travellers who take them home with them soon find they are unable to look after the creatures and hope to find them a home at the Aquarium.

"Turtles require considerable attention — more usually than can be given by the average person," Mr. Taylor said. Besides an environment which includes both land and water, they need an even moderate temperature, and a diet containing meat or fish and supplemented with bone matter for shell-building. They cannot survive in chlorinated tap water.

Nor can they survive for long in an Alberta slough, Mr. Taylor said, since this water dries up in the extreme hot weather. He added that the introduction of species of turtles from neighboring provinces is not encouraged by biologists.

"Much better to observe — and not disturb — the Western painted turtle if you come upon him in your travels," Mr. Taylor said.

Be Sure Your Brake Fluids Are Of Standard Quality

Hon. Gordon Taylor, Minister of Highways, urged all motorists to make sure that brake fluids that they purchase are of a standard quality. Indications from the East are that some millions of gallons of cheap fluid is on the market and is being sold as standard brake fluid.

Hydraulic brake fluid as set out by the Canadian Government Specifications Board is required to have a boiling point of 300 deg. F.; inferior fluids reach the boiling point at 170 deg. F. or less.

"With improper fluid the brakes could fail going down a steep hill because of the heat involved and later, after cooling, they could test satisfactorily," the Minister declared. "Every motorist should make sure that brake fluid is of a standard make and the notations SAE 7 or SAE 8 will guarantee that the fluid meets the standard required," Mr. Taylor said.

Open House

The family of Mr. and Mrs. David Hoyle will be holding Open House in the St. John's Anglican Hall, Pincher Creek, on Sunday, August 6th, from 4:00 to 9:00 p.m. This being the occasion of their Fiftieth Wedding Anniversary.

Friends, teachers and ex-students of Mr. Hoyle are cordially invited.

Engagement Announcement

Mr. and Mrs. Harold Jones announce the engagement of their eldest daughter, Leah Frances, to Mr. William Patrick Truch, son of Mr. and Mrs. Peter Truch, all of Coleman. The marriage to take place on August 26th.

To Whom It May Concern:

As my wife has left my room and board I will not longer be responsible for any debts incurred by her.

MR. J. (Hans) WOLF.

BOARD OF BROADCAST GOVERNORS OTTAWA CANADA

Application by Lethbridge Television Limited for Authority to Establish a Television Re-broadcasting Station at Burmis, Alberta.

The Board of Broadcast Governors will hear at the Public Hearing opening in Ottawa on August 22, 1961, an application by Lethbridge Television Limited for authority to establish a television re-broadcasting station at Burmis, Alberta, to receive programs by "off-the-air" pick-up from Station CJLB - TV, Lethbridge, Alberta, and to re-transmit these programs on Channel 3, with an effective radiated power of 225 watts (video), 112.5 watts (audio), EHAT 420 feet, directional antenna.

Persons wishing to oppose the application must file ten copies of a brief in opposition or a notice of intention to oppose setting out the grounds of the opposition with the Secretary of the Board at 48 Rideau Street, Ottawa, on or before August 12, 1961.

Persons wishing to inspect briefs submitted with respect to the above application may do so at the offices of the Board at Ottawa by appointment with the Secretary of the Board.
